## DIRECTIONS

**GUARANTY.** I guarantee my stock true to name, with the explicit understanding that, should any prove untrue, I will return the money paid or replace it with other stock; but I will not be responsible for an amount greater than the purchase price. Certificate of inspection is attached to each shipment.

**ALL PLANTS POSTPAID.** At the prices quoted, all plants will be sent by parcel post, postpaid. On a few items I have also quoted prices by express not prepaid.

**PRICES.** 6 of any variety will be supplied at the dozen rate; 25 at the hundred rate; and 250 or more at the thousand rate. Less than 6 of any variety will be sold at the each rate only except where a 3-price is given; less than 25 at the dozen rate only; and less than 250 at the hundred rate only.

**SAFE ARRIVAL OF PLANTS.** I guarantee the safe arrival of all plants and roots sent by parcel post or express to all points in the United States. Should anything be injured in transit, I urge my customers to notify me at once on receipt of the goods, and in every case send me a list of what has been damaged so that I can replace them without delay. But when they arrive in good condition, my responsibility ceases, and if, from inattention or other causes, they fail, and complaint is then made, I cannot replace them.

**PACKING.** Plants are packed carefully and everything is labeled.

**SUBSTITUTION.** I reserve the right in case I am out of any variety, to substitute another of equal merit when it can be done (always labeling with correct name) — unless the party ordering says "No Substituting". When it is desired that I shall not do this, it must be stated in the order. To simply affix the words "No Substituting" is all that is necessary.

**TERMS OF PAYMENT.** Cash with order or before goods are shipped. I do not ship goods C.O.D. All orders are acknowledged as soon as possible. Money may be sent by P. O. Money, Express Money Order, Check, Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure and send three-cent stamps, wrapped in waxed paper.

### WHEN VARIOUS PLANTS CAN BE SHIPPED AND PLANTED.

Perennial Flower Plants can be shipped any time from early spring until the ground freezes in the fall; Pansies, the same; Annual Flower Plants, May, June and July; Cannas, Dahlias, and Gladiolus, from April to August; Tulips, Hyacinths, Crocuses and Narcissus, during the fall months; Roses, from early spring to late fall; Vegetable Plants, from about May 10th to August; Berry Plants, Grape Vines, Shrubs, Vines, Hedge Plants, Asparagus Roots, etc., any time during the spring and fall.

Name..... R. D. No. ....

Post Office..... P. O. Box.....

County..... Street.....

State..... Express Office.....

Ship by..... On or about..... 19.....

**Parcel Post Prepaid—Express**

Date of order.....

Please write name and address plainly, and fill all blanks correctly. Always state how goods shall be sent, attach price to each article and add up accurately. Make all letters short and to the point, and please do not write letters on the same sheet with the order.

**GUARANTEE:** I warrant my stock true to name, with the explicit understanding that should any prove untrue I will return the money paid or replace it with other stock; but I am not liable for damage beyond this. Certificate of inspection is attached to each shipment.

I do not ship plants, roots, shrubs and other perishable goods C. O. D.

**SUBSTITUTION:** It is my custom, should the supply of any variety become exhausted (which will occasionally occur), to substitute in its stead a similar sort properly labelled, of course. When it is desired that I shall not do this it must be so stated in the order. To simply affix the words "No Substitution" is all that is necessary.

Less than 6 of a variety cannot be ordered at the dozen rate; less than 25 cannot be ordered at the hundred rate, nor less than 250 at the thousand rate.
